

In **Science** we have been learning about plants and trees. We have learnt about the parts of a plant and their function. We planted our own sunflower seeds and have enjoyed watching them grow!

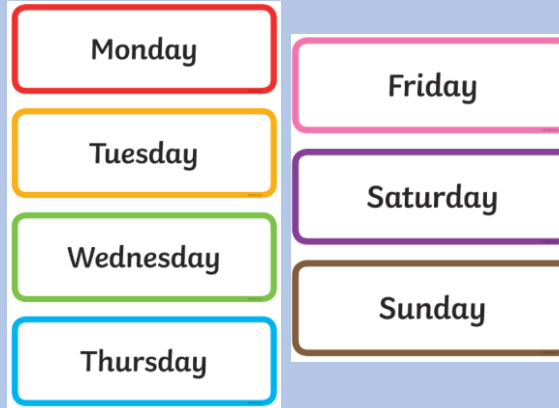

The children are really looking forward to celebrating their learning this year with you in our special **Year 1 Showcase Shine Time** next **Tuesday** at **2.30pm!**

In **Maths** we have been learning about **time** – sequencing daily routines.

Days of the week

Months of the year

Comparing Hours, minutes and seconds.

**Art**

In Art the children have been using shading techniques to shade a plant.

They have used observational skills to create a watercolour flower painting.

# YEAR 1 COMET

**Move up Day!**

Last Wednesday the children enjoyed meeting their new Year 2 Teachers and seeing their new Classes. They are really excited about moving to Year 2 in September!

**FIT FOR FUN!**

On Wednesday the children had a **fantastic** time demonstrating their **amazing** **athletics skills!**
