

In **CL**, we will focus on giving attention to others when they are speaking and developing our questioning skills by 'interviewing' Goldilocks and the Wolf.

In **PD**, we will continue to develop our physical skills through athletics and our much loved Cosmic Kids yoga sessions.

In **PSED**, we will discuss the feelings of the 'Owl Babies' and our own feelings during similar situations. We will talk about rules and link these discussions to traditional tales, thinking about Goldilocks going into the Bears house and Red Riding Hood being out by herself.

Summer 2 2022

In **UW**, we will learn about nocturnal animals and the different animals that live in a woodland environment. We will explore different natural materials and use these to create a suitable bed for Goldilocks or house for the Three Little Pigs. We will also learn some Bible stories in RE.

In **EAD**, we will continue to develop our creativity skills in many different ways!
We will develop our singing and music skills through a variety of traditional tale songs.
We will have a great time in **FOREST SCHOOLS** learning about the art form – Hapazome, which is a style of printing using flowers.

In **Literacy**, we will begin by learning about another animal – Owls, through the story 'OWL BABIES'. We will learn about where owls live and use this setting to then learn about other stories set in the woods. We will explore a variety of traditional tales such as 'GOLDILOCKS AND THE THREE BEARS', 'LITTLE RED RIDING HOOD' and 'THE THREE LITTLE PIGS'.

In **Maths**, we will continue to develop our knowledge of number through NCETM Maths. We will use our 5 and 10 frame to explore numbers to 10. We will use the characters from the stories we are learning about to explore size, position, weight and capacity. We will even explore time by playing 'What's the time Mr Wolf?'

Did you know...a nocturnal animal sleeps during the day and wakes up at night? What nocturnal animals can you think of?

Traditional Tales are essential stories for childhood. They are more than just happily ever after, they discuss real moral lessons. They not only captivate the imagination of young minds, but also enhances their creativity and reasoning skills. A child learns so much by simply listening to these amazing stories.

"If you want your children to be intelligent, read them fairy tales. If you want them to be more intelligent, read them more fairy tales." — Albert Einstein

How many Traditional Tales can you read as a family?

We will continue to develop our understanding of different feelings and emotions and will be using words such as...

curious

afraid

anxious

worried

brave

optimistic

inquisitive
