

YEAR 1 COMET

In maths, we have been measuring capacity. We have been using words to describe such as 'full' and 'empty'.

In English, we have written our own stories based on our class book. They were brilliant!

We have enjoyed learning about castles this term. Ask us about the toilet!

Our next topic is Ahoy There! Over the holidays, can you make a poster full of pictures of things you might see at the seaside?

We have been working hard on our reading. Please keep it up over the holidays.

We wish all of our families a restful and happy break.
