Why don't you try finding out which items float or sink?

Fill a bowl or sink with water and test some items, **but check with your adults first before putting any items into the water.**

Don't forget to make a prediction before putting an item in the water.

A prediction is a guess. Guess whether or not you think it will float.

What did you find out?

**Are you ready for
a challenge?**

Why don't you try to make a boat that floats?

Think carefully about the materials you will use.

When you've done it, take a photo and send it into school.
