

Commotion in the Ocean!

In **Literacy**, we will explore the text, '**The Whale Who Wanted More**'. We will write descriptive labels, captions and sentences about the different creatures in the story. Finally, we will sequence and retell the story!

In **Forest School**, we will make nature crowns and create big art using water!

With the Sports Coach, we will use Multi-skills to go on a 'beach trip' and visit the 'deep blue sea' in **PD**. We will even learn how to draw a Whale!

In **Number**, we will consider the composition of 10. We will use the language more than and less than when describing numbers on a number track.

We will think about water in **EAD**, where we will explore bubble painting and wax resistant painting to create underwater scenes. In Music, we will explore Musical Stories using instruments to perform our own musical story compositions.

In **UW**, we will focus on aquariums and zoos. We will consider what animals need. We will explore London Zoo in the past and consider data in Computing.

In **PSED**, we will develop team-work and problem-solving skills when we carry out our special 'Animal Rescue' missions. We will be looking at the book 'The Selfish Crocodile' to discuss the feelings and behaviour of ourselves and others.

We will also learn about Muslim Welcoming in RE.

To develop our **speaking** and **listening** skills, we will compare stories about the sea, sing songs and describe under the sea in detail.

Summer 1 2024

Listen to the story of
The Whale Who Wanted More!

<https://www.youtube.com/watch?v=00Dy6kNqUuY>

Sing these 'under the sea'
songs together!

1,2,3,4,5 Once I Caught a Fish Alive
<https://www.youtube.com/watch?v=PQHLIosxrdM>

Five Little Fishes Swimming in the Sea
<https://www.youtube.com/watch?v=ljnkn-2S0s>

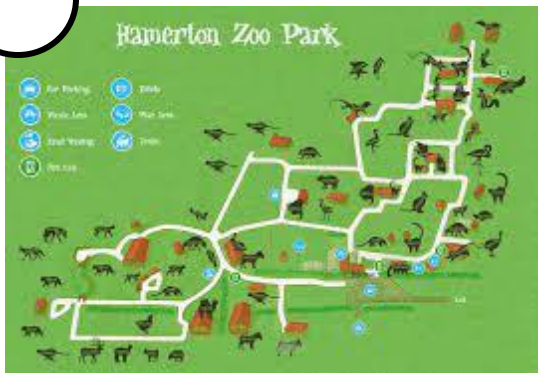

Under the Sea
<https://www.youtube.com/watch?v=tL2zIFNfbFs>

Words that we will use.

The ocean word mat:

We will begin our new topic with an exciting Sparkly Start,
We are going to HAMERTON ZOO!

We will go on a coach and
look at real live animals in all
their different enclosures. Our
fun and exciting trip will help
us to understand how to care
for animals and keep them
safe.

I love to collect things
from the bottom of the
sea. What could I find?
